Referring

Referring Veterinary  
Hospital

I understand that my Regular Veterinarian has referred me to Baring Boulevard Veterinary Hospital for medical and/or surgical care. BBVH will not provide any treatment other than the requested services. At the discretion of BBVH, supportive care and follow up treatments to these services may be scheduled and provided by your veterinarian.

I agree that I will not seek or try to obtain general veterinary services from BBVH, other than those services which cannot be provided by my regular veterinarian. I understand that BBVH will not provide any general services without the consent of my referring veterinarian.
